

Sureline Systems Announces Partnership With Hixardt Technologies Inc.

Sureline Systems Partners with Hixardt Technologies to offer enterprises a cloud service package complete with migration, DR, and security

SANTA CLARA, CALIFORNIA, US, July 27, 2016 /EINPresswire.com/ -- [Sureline](#) Systems, a leader in physical, virtual and cloud [migration](#) and disaster recovery, is pleased to announce its partnership with [Hixardt](#) Technologies, Inc., an Integrated Cloud Services, and IT Solutions Provider for enterprises, educational organizations and government clients. Hixardt Technologies will offer the Sureline SUREedge migration and DR products as part of its comprehensive Cloud Services Package, VerumVI, a completely virtual solution that includes desktops, network infrastructure, voice, applications, security, maintenance and storage all as one package, or a la carte. Their turn-key solutions can be hosted on-site or in one of their secure data centers and managed by a qualified team of IT professionals for their customer's ultimate peace-of-mind. The team includes a high-level Six Sigma Certified management staff to insure their customer's confidence that they are working with the best. They specialize in security, architecture, cloud and virtualization, health IT, infrastructure, and project management.

With the combination of the Hixardt's Integrated Cloud Services and IT Solutions and Sureline's SUREedge® Migrator and DR Solution, enterprises can feel confident they have the right combination of technologies to make their cloud deployment efficient and safe and managed by experts.

"Organizations are finding that seamless migrations between on-premise and cloud infrastructure are critical to the effectiveness and success of their cloud strategy. Hixardt and Sureline have partnered to provide next generation cloud migration tools and services to meet the most demanding migration requirements." Said Michael Hicks, President, and CEO, Hixardt Technologies, Inc.

When Hixardt customers are looking to utilize the cloud, Hixardt knows they can provide world-class migration and DR solutions with SUREedge® from Sureline Systems. With SUREedge® "any-to-any" capability, any physical system or virtual machine can be migrated to any hypervisor or cloud, offering Hixardt customers true application mobility. Cloud technology with SUREedge® solutions removes the complexity of large-scale migration and DR with a simplified process for planning, capturing, transformation and recovery.

"Sureline Systems is looking forward to working with Hixardt Technologies Inc. with their expertise in working with government and education organizations." said Ravi Goyal, President, and CEO, Sureline Systems Inc.

About Sureline Systems

Sureline Systems is headquartered in Santa Clara, CA with offices in Japan, India, and Dubai. Sureline's award winning SUREedge® is a proven enterprise-class software solution for Cloud Migration, Cloud Disaster Recovery, Datacenter Consolidation and Application Mobility. SUREedge reduces risk through secure data transmission, efficient data transfer, and reliable movement of the entire application, its data, and interdependencies. It is easy to deploy and manage through a single UI, with automated discovery, no agents to install, and is completely non-disruptive. SUREedge is

source and destination agnostic working from any physical server, any hypervisor, any cloud, and any storage including hyperconverged to any other. Customers worldwide trust SUREedge® to meet their workload migration, disaster recovery and business continuity and application mobility objectives.
