

The iTravel Channel Releases New Myanmar Travel Videos

The iTravel Channel visits Myanmar, releasing new travel videos (HD) featuring the best of Yangon including cultural, historical, and foodie highlights.

BANGKOK, THAILAND, July 27, 2016 /EINPresswire.com/ -- [The iTravel Channel](#) released a series of online videos featuring Yangon, Myanmar's largest city and commercial capital. This is the first time the popular and trend-setting travel show has featured a destination outside of Thailand, and represents a new and exciting direction for the show that is sure to inspire its loyal base of fans. The new Yangon exclusives can be viewed on [The iTravel Channel TV - Yangon Series](#).

Speaking of the decision to feature Myanmar, Mr. Kirby Repolido, Creative Director of The iTravel Channel said, "For the past four years, The iTravel Channel has sought to take our fans on a journey to the best destinations Thailand has to offer. We are now delighted to extend this journey to neighboring Myanmar so our fans can join us as we discover the many hidden gems of this fascinating country."

Repolido continued, "Yangon is the gateway to Myanmar. It's a city brimming with old world charm and home to a unique blend of culture, history, religion and architecture, it was therefore only logical that we begin our Myanmar journey here." Indeed, the charms of Yangon are not going unnoticed and the city is enjoying increased numbers of visitors each year, a trend that is likely to continue and accelerate with the ongoing political and economic changes.

Compared to Thailand, and other Southeast Asian nations, Myanmar's tourism industry remains comparatively under-developed and many of its best tourist destinations remain little known to the outside world. The iTravel Channel, with its extensive experience in producing high-caliber, entertaining and informative travel shows is well placed to take advantage of the many opportunities that Myanmar's emergence as a tourism destination of choice has to offer.

The series of videos provide a compelling overview of Yangon, touching on its unique history and culture, highlighting its top attractions, including the world-famous Shwedagon Pagoda and introducing its sumptuous cuisine.

iTravel Exclusives host, Patchari Raksawong, introduces Yangon, Myanmar, in our first-ever [iTravel Exclusives Yangon episode](#) introducing the Yangon series featuring The iTravel Channel presenter Natalie Scarr.

"There has never been a better time to visit this enthralling and yet all too often overlooked Asian city," exclaims Scarr, who believes fans of The iTravel Channel will warmly welcome the decision to explore beyond Thailand. Scarr continues, "iTravel fans, like me, are always looking for the next great adventure and Yangon has so much to offer the intrepid traveler. I have absolute confidence these new shows will be well-received and will inspire people to look to Yangon and Myanmar for their next travel adventure."

The series of videos focused on Yangon signals the beginning of The iTravel Channel's efforts to

expand its coverage to include Myanmar and iTravel fans can look forward to additional exclusive content in the coming months. Repolido states, "These videos represent a new and exciting chapter in the development of The iTravel Channel as we continue our quest to bring fellow travel enthusiasts all the best, most up-to-date and relevant travel information on up-and-coming destinations in Southeast Asia. My whole team and I look forward to sharing our adventures and encourage people to join us as we chart our journey through some of the most remarkable places in the world."
