

# The "Godfather" of Bigfoot Returns to Where It Began

*The "Passing the Bigfoot Baton" expedition continues taking the crew returns to the locations around Paris Texas.*

REDWOOD CITY, CALIFORNIA, UNITED STATES, July 27, 2016 /EINPresswire.com/ -- Its been ten years since Biscardi and his crew put Paris Texas on the map of the Bigfoot world. As the "Passing the Bigfoot Baton" expedition continues the crew returns to the locations around Paris Texas where the footage contained in the documentaries "Bigfoot Lives" and "Bigfoot Lives 2" was taken. As they continue their nationwide tour they have stopped in Paris to check out some local hot spots where there have been recent sightings of the creature. The tour has encompassed sites in Arizona, New Hampshire, Rhode Island, Upstate New York, Connecticut, Indiana, Kentucky and Mississippi. The team has recorded new encounters and has mapped out the sightings to document the migratory path that is being used in the current year.

The parent company Bigfoot Project Investments Inc. has satisfied all SEC requirements and became listed on the pink sheets bulletin board with the ticker symbol "BGFT". This means that Bigfoot, the Myth, the Folklore, the Legend is now a public entity. The Company plans on building a museum to house their many artifacts found throughout the last forty years encompassing a Bigfoot/dinosaur/Hollywood Props museum. Some of the findings in Kentucky are now being displayed at the Bell County Historical Society Museum in Middlesboro Kentucky. They also plan on starting the production of their new Bigfoot 3D movie project late this year along with their new virtual reality Bigfoot game.
