

Fran Briggs Announces The Best of Summer Listening

List features distinguished, major label and independent musical artists

LOS ANGELES, CA, USA, July 29, 2016

/EINPresswire.com/ -- The spotlight is being put on select musical artists from Canada, America, Australia, and all points between. Award-winning publicist, [Fran Briggs](#) today recognized 10 musical artists considered to be among 'The Best of Summer Listening, 2016.'

Genres from the list include jazz/smooth jazz; adult contemporary; R&B; country; easy listening; pop, and hip hop.

Best of Summer Listening

"The list includes both legendary and new talent. It features impressive musicality and unique styles," stated Fran Briggs "You'll dance, finger-snap, and toe-tap; but you'll also listen quietly with appreciation and imagination. For those who've never listen to more than two or three genres, the 'Best of Summer Listening' is an invitation to do so," she concluded.

The promotional listing recognizes both great achievement and talent. Briggs says that "it's a gender-hopping collaboration of extraordinary voices and distinguished instrumentation." Consideration as an honoree was generated by submissions from artists or their management.

The 'Best of Summer Listening' is organized by Album/CD, or EP/Single, the artist, and the producer in parentheses. It also includes the genre(s) and a link for additional information and purchase. The numerical order does not coincide with ranking.
