

LiteMari Launched the New Deposit Program

The project created to conduct operations with electronic money and named as LiteMari has introduced a new deposit program.

LONDON, GREAT BRITAN, GREAT BRITAN, August 1, 2016 /EINPresswire.com/ -- LiteMari carries out operations with a wide number of electronic currencies, including different cryptocurrency payment systems. Participation in the project is available to anyone who is registered in the following systems: Perfect Money, Payeer, AdvCash, NixMoney, Bitcoin, Litecoin and Ethereum. It is completely free.

Under its terms, the contribution is to be made for 60 days period and the depositor's profit will make 80 % of the deposit amount.

LiteMari manager stated: "Initially we worked with our own equity, but then we decided to launch an online platform. Firstly we wanted to take a narrow segment and work with cryptocurrencies only, but we've received many letters from customers with a demand to expand the list of payment systems. Project's prospects are brilliant because the deposit program is long-term and supports a wide range of currencies."

LiteMari deposit offers non-limited earnings. The company has multistage program for partners who want to advance through a project rating model.

Under the terms of the basic affiliate program, there are two levels of profit by attracting new participants. The first one guarantees the calculation of 10 % of new members' profit and the second one is 1 % of the participants of the second-level members. LiteMari rating system consists of 7 levels.

Every registered user gets a personal account with a banner advertising allowing to promote referral program links. Banner can be placed on clients' websites and specialized portals. Company provides its clients with dedicated DDoS protected servers.

The initial contribution for joining the project is \$ 5.

Transaction are made without any hidden fees. LiteMari earnings are based on the commission fees from the transactions made by regular customers.
