

Wireline Services Industry Global Analysis by Region, Consumption, Competition and Technology

marketresearchfuture.com Adds "Global Wireline Services Market Research Report- Global Forecast 2027" To Its Research Database.

PUNE, INDIA, August 3, 2016 /EINPresswire.com/ -- Market Research Future (MRFR) Announces the Publication of its Research Report – Global [Wireline Services](#) Market 2016-2027

Market Research Future (MRFR) recognizes the following companies as the key players in the global agribusiness market: are Baker Hughes Incorporated (U.S), Schlumberger Limited (U.S.), Halliburton Company (U.S.), Superior Energy Services (U.S.) and Weatherford International (Ireland).

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: According to the recent trends in the Oil and Gas industry High production in the oil and gas industry due to the increasing demand for oil in the global market has resulted in the supply exceeding the demand. Although the oil and gas industry is still recovering from the recent price crisis, oil production services have not experienced a severe impact as compared to the exploration activities. Due to the increasing demand for oil in the industry the wire line services industries are expected to achieve high growth in the forecast period.

Market Synopsis of Wire Line Services

Market Scenario

The oil & gas industry has been facing a downswing post-April 2014 following persistent oil price decline. However, there has been some stabilization in the prices in recent times due to reducing supply-demand gap and other macro-economic factor. These factors have instigated a positive outlook for the oil & gas industry, posing a favorable market for upstream services. Wireline services are thereby expected to witness a promising growth outlook in the years to come.

Segments

The wire line services market has been segmented on the basis of application as completion, intervention and logging. The market has been segmented on the basis of type into E- lines and slicklines. Categorization of the market on the basis of well type has been done into cased wells and open wells. The market has also been divided on the basis of location into land and

offshore.
