

Portable Battery Market 2016 market Share, Industry Analysis and Global Forecast to 2027.

Global Portable Battery Market information research report, by technology, by capacity type, by applications- Global Forecast 2027

PUNE, MAHARASHTRA, INDIA, August 3, 2016 /EINPresswire.com/ -- Study Objective of [Portable Battery Market](#)

Portable Battery Market Share, Portable Battery Market Regional Analysis, Portable Battery Market Trend, Portable Battery Market 2016, Global Portable Battery Market.”

Market Research Future

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the [global portable battery market](#)
- To provide insights about factors affecting the market growth
- To analyze the global portable battery market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment, by application, by technology, by capacity type and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market.

Market Scenario

Technology and portable devices have taken over the world and to meet the world demand for technological equipment's companies are trying very hard. Every technological product needs power source and in today's scenario, every company is trying to make their product simpler but more effective. Portable battery market is growing with the growth of technological product. Mobile phone, wireless devices are something which needs to be recharged within some time span and this has become the fuel for growth for portable battery market. Currently this market is growing with CAGR of XX% and valued at US \$XX billion which is expected to reach US \$XX billion by the end of forecasted period.

Market Segmentation

Portable battery market has been segmented on the basis of technology, capacity type and by applications. By technology, market includes- Lithium-Ion Battery, Lithium-Polymer Battery, Nickel-Cadmium Battery and Nickel-Metal Hydride Battery. On the basis of capacity type, market has been segmented as- 1000-2500 MAH, 2600-5000 MAH, 5100-10400 MAH and above 10400 MAH. On the basis of applications, market has been segmented as- smartphones, tablets, media devices and

portable wearable accessories.

Taste the market data and market information presented through more than 50 market data tables and figures spread in 125 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Portable Battery Market Research Report- Forecast to 2027](https://www.marketresearchfuture.com/checkout?currency=one_user-USD&report_id=941)"

Industry News

- In October 2015, Samsung SDI Co. Ltd introduces Stripe and band batteries for smart watches.
- In September 2015, Sony Corporation launched new CP-S15 portable charger for smartphones and other portable devices

Key players

The prominent players in the market of portable battery market are- Samsung SDI Co. Ltd. (South Korea), Sony Corporation (Japan), LG Chem Inc. (South Korea), BYD Company Ltd. (China), Duracell International Inc. (US), China Bak Battery, Inc. (China), Panasonic Corporation. (Japan), Mophie Inc. (U.S.), Energizer Holding Inc. (U.S.), Simplo Technology Co. Ltd (Taiwan) among others.

Global Image Sensor Market Information from 2011 to 2021

The major growth driver of image sensor market includes rising demand for camera enabled mobile phones, low power consumption and compactness of CMOS image sensor, and increased use of image sensors in biometric applications among others. Hence the market for image sensor market is expected to grow above ~10% CAGR (2015-2021). However, high power consumption in CCD image sensors and falling market of digital still camera are the factors among others which are hindering the growth of image sensor market. About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
