

PADGETT BUSINESS SERVICES® Celebrates 50th Anniversary

Small business tax planning and accounting firm launches the Business Growth Program for Professionals to celebrate its continued growth

ATHENS, GEORGIA, UNITED STATES, August 8, 2016 /EINPresswire.com/ -- [PADGETT BUSINESS SERVICES®](#), a leading small business tax payroll and compliance company, is celebrating 50 years of service.

The Athens-based business — which boasts more than 300 locations across the U.S. and Canada — not only provides tax-related services, but also assists businesses with management reporting, tax compliance and payroll services. PADGETT BUSINESS SERVICES® primarily serves small businesses with fewer than 20 employees, which accounts for about 90 percent of the country's small businesses.

“

Simply put, we're doing something very unique in the market — we make tax and compliance routine so that our clients can stay focused on running their businesses”
Steve Rafsky, CEO

“For 50 years, PADGETT BUSINESS SERVICES® has helped small businesses across the country understand their tax-related and compliance needs,” Roger Harris, president and COO, said. “We've played an essential role in making sure small businesses are armed for success, and we hope to continue building on that impact for many years to come.”

Walter Padgett launched PADGETT BUSINESS SERVICES® in 1966 after witnessing local business owners struggling with the financial aspects of running their companies. His idea was

to help those small businesses thrive. Half a century later, PADGETT BUSINESS SERVICES® continues to run on those same principles.

With dual U.S. headquarters in Georgia and Massachusetts and its network of more than 300 offices across both the United States and Canada, PADGETT BUSINESS SERVICES® is credited with assisting tens of thousands of small businesses with their tax and compliance needs.

“Simply put, we're doing something very unique in the market — we make tax and compliance routine so that our clients can stay focused on running their businesses,” said Steve Rafsky, CEO. “Several big-name competitors have tried to enter this segment of the business, but Padgett has stood the test of time in this market. Our secret lies in years of building client relationships and teaching our affiliates the best ways to do just that.”

PADGETT BUSINESS SERVICES® also recently announced a new [Business Growth Program for Professionals](#) that provides tax professionals who operate independent businesses a fully-supported

network. This network allows them to retain business, leverage established strategies, maintain and improve client service and remain up-to-date on industry compliance issues.

New PADGETT BUSINESS SERVICES® affiliates receive streamlined support, top-of-the-line technologies, client acquisition strategies and a support team with unmatched industry experience. The Business Growth Program for Professionals is currently open to qualified CPA and enrolled agents who currently own a tax firm in the United States.
