

Industrial IoT Application Suite XMPPro Announces SAP Startup Focus Partnership

DALLAS, TEXAS, UNITED STATES, August 8, 2016 /EINPresswire.com/ -- Today, [XMPPro](#) announced its partnership with SAP as an [SAP Startup Focus](#) member. This integration partnership will enable SAP customers to rapidly develop IoT applications on top of their HANA analytics and machine learning data using XMPPro's [Agile Application Suite for Industrial IoT](#).

The global SAP Startup Focus program includes innovative companies in the big data, predictive and real-time analytics space. XMPPro CEO, Pieter van Schalkwyk, commented on the membership announcement, “We’re excited to join SAP on its mission to bring digital transformation to its enterprise customers. And we look forward to delivering groundbreaking Industrial IoT solutions together.”

We’re excited to join SAP on its mission to bring digital transformation to its enterprise customers. And we look forward to delivering groundbreaking Industrial IoT solutions together.

Pieter van Schalkwyk, CEO

XMPPro’s SAP integration makes it possible for customers to detect critical events in their data and take action in real-time. When critical events are detected in the data, XMPPro can create automated actions. These actions can take the form of an email, task or a work order in their SAP Enterprise Asset Management System.

About XMPPro

XMPPro is a global provider of software and services for industrial IoT applications. Founded in 2009, the company has a proven track record of helping organizations improve

operational excellence, reduce risk and increase asset utilization through its Agile IoT Application Suite and BPM products. XMPPro’s Agile Application Suite was released in 2015 to help organizations rapidly gain insight from the massive amount of data available in Industrial IoT.
