

Global Air Handling Units Market is estimated to Expand with a CAGR of 6-8% to 2022

Global Air Handling Units Market Information Report by Capacity (Up to 5000 m3/hr, 5000 m3/hr – 10000 m3/hr,), by Effect, and by Region - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, August 9, 2016 /EINPresswire.com/ -- Study Objectives of Air Handling Units

- To provide detailed analysis of the market structure along with forecast for the next 6 years of the various segments and sub-segments of the [global Air Handling Units market](#)
- To provide insights about factors affecting the market growth
- To Analyze the Air Handling Units market based on various factors- price analysis, supply chain analysis, Porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia-Pacific, South America, Middle East, and Africa
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by Capacity, Effect and Region

“

Systemair (Sweden), Trane. TROX (U.S.), GEA Air Treatment (Germany), Carrier (U.S.), Daikin (Japan), Johnson Controls (U.S.), Lennox International (U.S.), Flakt Woods (U.K.), Sabiana (U.K.)”

Market Research Future

- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, and new product developments in the global Air Handling Units market
