

BOSS Controls Named Pittsburgh Tech 50 Awards Finalist for Start-Up of the Year

Pittsburgh Technology Council to Name Winners November 3, 2016

PITTSBURGH, PA, UNITED STATES, August 9, 2016 /EINPresswire.com/ -- BOSS Controls LLC, a leading Internet of Things (“IoT”) energy management and controls company, today announced that the Pittsburgh Technology Council has named it a Tech 50 Awards Finalist in the

“Start-Up of the Year” Category. Now in its 20th year, Tech 50 will announce category winners on November 3, 2016.

BOSS Controls is delivering its turnkey plug load energy management solution to the commercial

We are saving commercial building clients up to 50 percent at the plug load, which contributes to at least one fourth of their utility bill.

Greg Puschnigg

sector, in particular state and local government, higher education, and mid-size commercial buildings. “We are saving commercial building clients up to 50 percent at the plug load, which contributes to at least one fourth of their utility bill,” said Greg Puschnigg, CEO/Founder of BOSS Controls. “The savings are huge, the reduction of carbon footprint is even more significant for deployments with the government and education verticals.”

“We are excited to be part of these awards that honor regional companies most successful within innovation and technology sectors,” added Puschnigg. “BOSS continues to make sustainability and energy savings initiatives that make positive impacts on the environment and economics our priority.”

About BOSS Controls

BOSS designs, markets, and sells patent pending, cloud-based, Wi-Fi enabled product solutions and software. The product suite provides a seamless fully integrated virtual energy management and control system enabling reductions in building energy costs by up to 30 percent and operational cost savings as well. The company manages the critical Wi-Fi hardware, software, and data on its cloud-based platform called “Atmospheres”.

BOSS Controls, headquartered in Pittsburgh, is a member of Green Building Alliance and Independent Electrical Contractors, was honored by Tech 50 2015, and has been accepted as a 2030 District Partner in Cleveland and Dallas. For more information, www.bosscontrols.com

About TECH 50

Since 1997, the Pittsburgh Technology Council's annual Tech 50 Awards recognize southwestern Pennsylvania's most successful, innovative, and thought-leading technology companies, which have become the backbone of Pittsburgh's new economy. The awards represent transformative technology centers of excellence with tech companies at all stages of growth.
