

# Global Graphite Market Size, Share, Development and Research Report to 2027

*Global Graphite Market, by form (Natural graphite and Synthetic graphite), by Application (Electrode, Refractory, Lubricant, Foundry, Battery) Forecast 2027*

PUNE, MAHARASHTRA, INDIA, August 10, 2016 /EINPresswire.com/ -- Study Objectives of Graphite Market

- To provide detailed analysis of the market structure along with forecast for the next ten years of the various segments and sub-segments of the global Graphite market
- To provide insights about factors affecting the market growth
- To Analyze the Graphite market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

Major Key Players - Triton Minerals Limited, Northern Graphite Corporation, Focus Graphite Inc, Alabama Graphite Corp, Flinders Resources Limited, Energizer Resources Inc., Mason Graphite Inc"

## Market Synopsis of Graphite Market

### Market Scenario

Graphite refers to the most stable form of carbon under standard conditions. It is an excellent conductor of heat and electricity and is also a very good lubricant. Graphite is very slippery and is one of the softest minerals on Earth. This report covers graphite market based on form and application areas. The report examines factors affecting the market movement.

Taste the market data and market information presented through more than 70 market data tables and figures spread in 115 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Graphite Market Research Report- Forecast to 2027](#)"

### Key Findings

- In terms of value, the Asia-Pacific dominated the global graphite market in 2014; and it is expected to grow at a CAGR of 4.1% during 2015 – 2020.
- In terms of volume, the Asia-Pacific dominated the global graphite market in 2014; and it is expected to grow at a CAGR of XX% period 2015 – 2020.
- The synthetic graphite segment hold the largest share, with \$XX billion value, of the total market in 2014; and it is expected to reach \$XX billion in 2020, at a CAGR of XX% for the period 2015-2020.
- The electrode industry holds the largest share of the graphite market in 2014.

### Segments

#### Segmentation by Form

Segmentation for Graphite market involves the following forms: Natural graphite and Synthetic graphite (Graphite electrode, Carbon fibre, Graphite blocks, Graphite powder, others)

#### Segmentation by Applications

Segmentation for Graphite market involves the following applications: Electrode, Refractory, Lubricant, Foundry, Battery, Others)

## Regional Analysis of Graphite Market

North America is one of the prominent markets for graphite. Growth in demand for various end-use products of graphite such as electrodes, lubricants, batteries used in electronic products, and automobile parts are driving the growth of the graphite market in North America. The European graphite market is growing due to increasing demand for graphite in refractories, steel, battery, and automotive industries. Europe is the second-largest graphite market in the world.
