

# Pharmaceutical Desiccant Market 2016 Analysis and Forecast to 2023

*Pharmaceutical Desiccant Market 2016 Share, Trend, Segmentation and Forecast to 2023*

PUNE, INDIA, August 10, 2016

/EINPresswire.com/ -- Article Brief

This article provides an overview about the global [Pharmaceutical desiccant](#) market during the forecast period 2016 to 2023, there by offering insights on key present growth indicators and forecast indicators such as drivers, restrains, opportunities and trends that are involved in shaping the market.

## About Desiccant

A desiccant is a hygroscopic substance which is used to induce or sustain a state of dryness in its vicinity. Desiccant are solids that absorb water and are mainly used to remove humidity that would Degrade or even destroy products sensitive to moisture

## Pharmaceutical Desiccant

These types of desiccant are specially characterised for the absorption process in the pharmaceutical as well as the nutraceuticals packaging. As of now there are number of pharmaceuticals desiccant in the market. Some of the desiccants are:

- Silica Gel
- Activated
- CarbonClay Desiccant
- Molecular Sieves

Some of the many desiccant products that can be used in pharma desiccant packing, without causing any harm to the pharmaceutical products include desiccant canisters; humidity indicating cards, tablet form of desiccant, active vails, small sized desiccant sachets, etc. managing and controlling the level of moisture in the atmosphere is the main objective of a desiccant

## Features of Pharmaceutical desiccant

- Most effective solutions to protect drugs from moisture

- Extends drug life
  - Order control
  - High absorption rate
- Pharmaceutical desiccant can be used in products like

- Tablets
  - API's
  - Capsules
  - Diagnostic kits
  - And also in Nutraceutical's product packaging
- Market segmentation by type of products

- Activated Alumina
    - oActivated Alumina balls
  - Container Desiccant
    - oCargo dry pack
  - Chromatography Absorbent
    - oAluminium Oxide Chromatography
    - oSilica Gel Chromatography
  - Consumer Products
    - oMold Away
    - oStorage dry
    - oRefresherator Dry
  - Silica
    - oGelSilica gel blue
    - oSilica gel orange
    - oSilica gel white
  - Molecular Sieve
    - oMolecular Sieve
    - oPowder Molecular Sieve 13x
    - oMolecular Sieve 3A
    - oMolecular Sieve 4A
    - oMolecular Sieve 5A
  - Pharmaceutical desiccant
    - oDesiccant Canister
    - oDesiccant Packets
    - oDesiccant unit packs
    - oDesiccant Pillow packs
    - oOxygen Absorbers
    - oHumidity Indicating Card
- Regional Analysis

The packaging industry is gaining more importance globally, the reason behind this is the importance of protecting each and every product that is manufactured. The pharmaceutical desiccant industry is one of the emerging or booming industries globally.

#### Europe

The desiccant market for Europe is an emerging market and has experienced modest growth in recent years, the positive trend have continued but in 2015 there were a modest slowdown in the early half which was thought to have a decline in the market but in the second half of the year resulted to an average growth, thus the European market for desiccants is expected to be growing market.

#### Asia

The desiccant market for Asia is an market which started in late, the market has huge potential as most of the emerging countries like India, China, etc are developing countries with developing markets, infrastructure and huge scope for FDI's thus this markets has huge potential for growth.

This project report provides the market information & market data about the following geographies:

Americas

- North America

- o US

- o Canada

- o Mexico

- Latin America

Europe

- Western Europe

- o Germany

- o France

- o Italy

- o Spain

- o U.K

- o Rest of Western Europe

Asia – Pacific

- Asia

- o China

- o India

- o Japan

- o South Korea

- o Rest of Asia

- Pacific Countries

- o Australia

- o New Zealand

Middle East & Africa

Every report of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report also gives a broad study of the different market segments and regions.
