

Global Phenolic Resins Market Size, Development and Segmentations to 2027

Global: Phenolic Resins Market Information by types (novolacs and resoles) & by applications (automobiles, construction, wood adhesives, laminates, molding)

PUNE, MAHARASHTRA, INDIA, August 12, 2016 /EINPresswire.com/ -- Study Objectives of Phenolic Resins Market

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global Phenolic Resins Market

- To provide insights about factors affecting the market growth

- To Analyse the Global Phenolic Resins Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

The leading market players in the global phenolic resins market primarily include Hitachi Chemical, Kolon Industries, BASF, Mitsui Chemicals, DIC Corporation, SI Group, Georgia Pacific Chemicals"

The global phenolic resins market has experienced a notable growth and it has been projected that the global market will see stable growth during the forecast period. The high mechanical strengths, low toxicity, heat resistance, low smoke and other several properties has made the phenolic resins to make their use in the applications such as in laminations, wood adhesives, molding compound, construction, automobile and others. Growing demand of these applications has increased the production of phenolic resins to meet the current market demand. Also, phenolic resins is used in flame retardant which is very crucial for automobiles and aircrafts. Owing to these factors, the global phenolic resins market is expecting a potential demand.

Segmentation

As per MRFR analysis, the global phenolic resins market has been segmented into types and applications. On the basis of types, the global phenolic resins Market is segmented into novolacs and resoles where on the basis of applications the global phenolic resins market is segmented into automobiles, construction, wood adhesives, laminates, molding and others.

Regional Analysis of Phenolic Resins Market

The global phenolic resins market is poised to reach \$XX Billion in 2015 from \$XX Billion in 2027, with a CAGR of XX% during the forecasted period.

Key Players

The leading market players in the global phenolic resins market primarily include Hitachi Chemical, Kolon Industries, BASF, Mitsui Chemicals, DIC Corporation, SI Group, Georgia Pacific Chemicals, Sumitomo Bakelite and others.
