CadmiumCD Ranks No. 1847 on the 2016 Inc. 5000 with Three-Year Sales Growth of 202%

FOREST HILL, MD, UNITED STATES, August 17, 2016 /EINPresswire.com/ -- Inc. magazine today ranked [CadmiumCD](#) No. 1847 on its 35th annual Inc. 5000, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Companies such as Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees of the Inc. 5000.

"We are excited to be recognized among the most successful companies today by the Inc. 5000," said CadmiumCD co-founder and CEO Michelle Wyatt. "My husband and I started CadmiumCD

because we saw a need for innovation in the conferences and events industries. Our products are now used at some of the largest trade shows and conferences in North America."

The 2016 Inc. 5000, unveiled online at Inc.com and with the top 500 companies featured in the September issue of Inc. (available on newsstands August 23) is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 433%. "The Inc. 5000 list stands out where it really counts," says Inc. President and Editor-In-Chief Eric Schurenberg. "It honors real achievement by a founder or a team of them. No one makes the Inc. 5000 without building something great – usually from scratch. That's one of the hardest things to do in business, as every company founder knows. But without it, free enterprise fails."

The annual Inc. 5000 event honoring all the companies on the list will be held from October 18 through 20, in San Antonio, TX. Speakers include some of the greatest entrepreneurs of this and past generations, such as best-selling author and strategist Tony Robbins, SoulCycle co-founders Elizabeth Cutler and Julie Rice, Cornerstone OnDemand founder, president and CEO Adam Miller, Marvell Technology Group director and co-founder Weili Dai, and New Belgium Brewing co-founder and executive chair Kim Jordan.

CadmiumCD helps meeting and event planners plan, manage, and deliver exceptional experiences to conference and trade show organizers. In their 16 years of operation, they've created tools to collect and review submissions, manage speakers and exhibitors, and distribute content to attendees. Founded by Peter and Michelle Wyatt in 2000, the company has grown from a service-based audio recordings and conference proceedings provider to [a full-platform conference management software provider](#).
