Regional Analysis of Cannabis Market:

Cannabis market in North America was over USD 3.5 billion in 2015. This industry was mainly operating in the black market; however with developments in the medical applications of the derivatives such as marijuana and hemp this market experienced significant growth over the

past few years. Presently, the cannabis market is not a bare collaboration of the growers or producers of marijuana and hemp; it is rather a conglomerate of science and technology. The U.S. being the largest market in the region was valued over USD 3 billion and is anticipated to grow at a CAGR over 30% between 2016 and 2021.

Key Findings:

- Among the derivatives marijuana accounts for the largest market share. The revenue of this segment stood more than USD 2.5 billion in 2015.
- The U.S. being the largest market in the region accounted for over 95% of the market size of the North America cannabis market.
- Rapid growth of cannabis and its applications in medicinal purposes has driven the growth in this market.
