

Façade experts from EDGE, Atkins, Zaha Hadid Architects and more to gather in Dubai in September

DUBAI, UNITED ARAB EMIRATES, August 22, 2016 /EINPresswire.com/ -- With yet another high profile fire in Dubai last month, the UAE is increasing its investment in fire safety and sustainability regulations.

Architects and developers working on the biggest projects in the GCC will gather at the [3rd Annual Façade Design & Engineering UAE conference](http://www.facades-uae.com/news) taking place from 26-27 September 2016 in Dubai, to discuss solutions in building façades that will enable them to design innovative, high-performing and fire-proof façades.

Key speakers include:

- Andy Dean, Head of Façades, Middle East, National Engineering Bureau
- Peter Stephenson, Associate Director Fire Engineering, BuroHappold Engineering
- Thomas Fruhmman, Senior Façade Specialist, Dar Al Handasah
- John Noone, Associate Director, Fire Engineering Middle East, Arup
- Hussam Abdelghany, Associate Director, Atkins
- Matthieu David, Partner Architect, ADPI
- Mohamed Hiary, Principal Architect, National Engineering Bureau
- Firas Hnoosh, Design Director, BDP MENA
- And many more...

The conference will host speakers from architects, developers and consultants to address how to design buildings using the latest façade technologies and construction materials to optimise safety and comfort whilst generating out-of-this-world façade designs.

NAFFCO, TGP Fire Rated, Wienerberger, Kin Long, Side Rise, General International Group, BCOMS, iku®windows, CoxGomyl, Kingspan Insulation, AFFAN Innovative Structures L.L.C., Terraco, Fujairah Rockwool Factory, Saudi Rock Wool and other solution providers will be showcasing their products and solutions in front of top decision makers at this event.
