

OMPUREAIR Launches Efficient and Stylish Organic Anti-Pollution Mask

OMPUREAIR launches organic & anti-pollution face mask that will support the urban population to win the challenge from the high-level air pollution.

UBUD, BALI, INDONESIA, August 23, 2016
/EINPresswire.com/ -- Ubud, Bali (22st August 2016)
- OMPUREAIR introduces a collection of highly efficient and stylish organic face mask that will enable the urban citizen to fight the threats from air pollution.

As per a recent research conducted by WHO, the level of air pollution in the urban areas has reached a limit that is detrimental to human health. This statement holds true from a global perspective. Consequently, it is taking a major toll on the health of the people living in the urban areas. Hence, these folks were looking for solutions that will safeguard their health. The [anti-pollution face mask](#) from OMPUREAIR will be especially relevant to their need.

These masks are completely organic, made with bamboo and cotton fabric and plant base dye. OmpureAir masks feature activated carbon filter and come highly fashionable. Hence, this mask is functional as well as stylish. The activated charcoal filter absorbs the impurities from the air and hence, the user will inhale pure air which is completely safe for the health. Use of organic ingredients ensures that these filters never ever trigger negative effects on the health. In addition, the mask is highly comfortable and the users will never have inconveniences to carry the mask. The mask can

safeguard the users to [N95](#) level impurities up to the diameter of [PM2.5](#) microns.

“Our mask is completely hand crafted and sustainably made in Bali. It balances between the aspects of efficiency, comfort, and style. We have several alternatives for the buyers to choose from. As our mask is organic, it is suitable for people with sensitive skin. Our mask features HYPOALLERGENIC and Antibacterial properties. We have a mask in various sizes that fit on users, irrespective of their ages. Our Anti-pollution mask is the most effective solution for the urban population to safeguard their health from the hazardous effects of high-level air pollution”, stated the spokesperson.
