

Home Energy Systems Named One of 2016's Top 500 Solar Contractors in North America

H.E.S. Solar is recognized for their innovation and advancements in the solar industry by Solar Power World magazine as a top residential solar contractor.

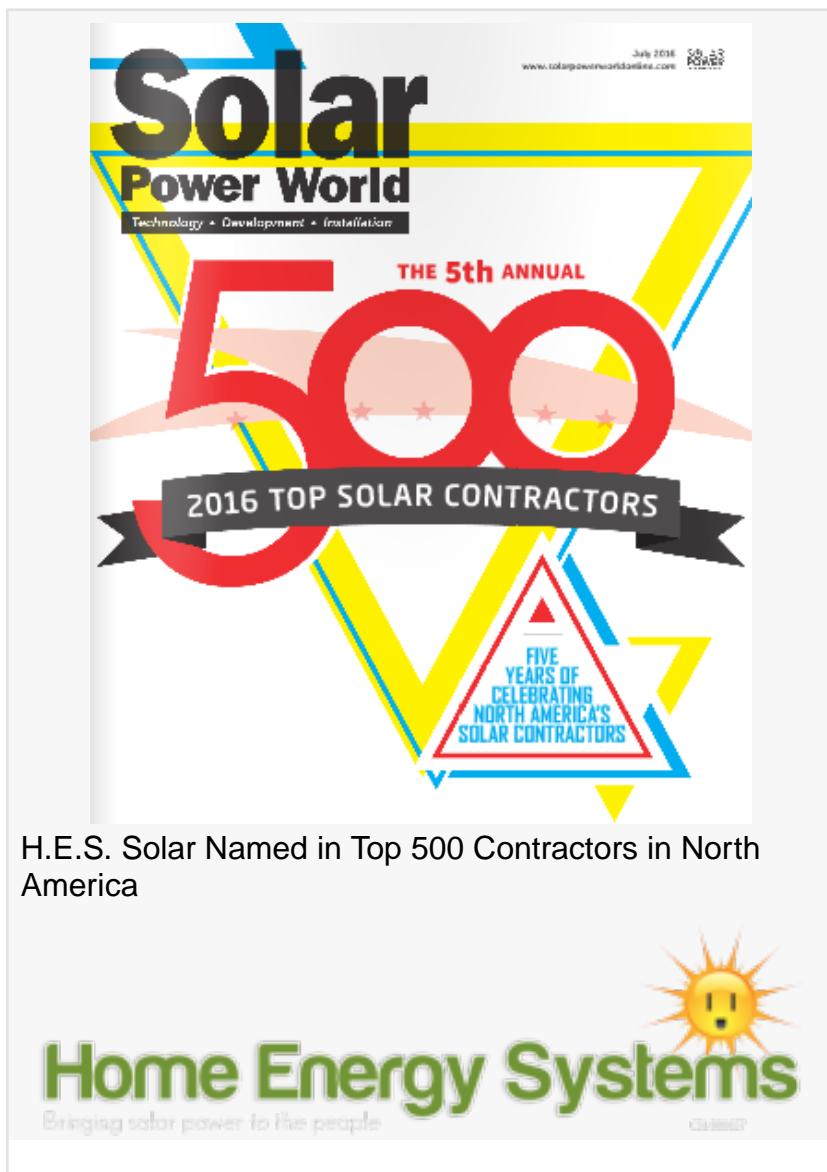

SAN DIEGO, CALIFORNIA, UNITED STATES, August 25, 2016
/EINPresswire.com/ -- [Home Energy Systems](#) (H.E.S. Solar) was recognized for its outstanding work in the solar and renewable energy field. H.E.S. Solar has been focusing on the future of solar, expanding its installation and marketing team along with developing a state-of-the-art Energy Showroom and Design Center to their new location in San Diego in Mission Valley. Home Energy System's passion for renewable energy and bringing solar power to the people in San Diego was apparent in their work and know acknowledged by a leading publication in the solar industry by being named in the 2016 [top 500 solar contractors in North America](#) by Solar Power World Magazine.

Solar Power World's magazine released the 2016 'Top 500 Solar Contractors in North America' this month and H.E.S. Solar proudly earned a place on the list. H.E.S. Solar was compared to the

thousands of solar contracting companies across North America. It can be found topping several different Solar Power World's 2016 lists. Not only was H.E.S. Solar recognized on the top 500 list, but it was also ranked high on multiple other solar contractor lists released by Solar Power World, including 'Top Residential Solar Contractors.'

Home Energy System's Recognitions include:

- 'Top 500 Solar Contractors in North America'
- 'Top 210 Residential Solar Contractors'
- 'Top 112 Solar Contractors in California'

H.E.S. Solar Named in Top 500 Contractors in North America

- 'Top 117 Solar Rooftop Contractors'

"This year has been widely successful for Home Energy Systems, we are excited that our growth and achievements have been recognized by Solar Power World," said Ross Williams, Vice President of Home Energy Systems. "We are honored to be included in the Top 500 Solar Contractors list. It is a testament to our hard work, passion, and innovation."

Solar Power World has an expert panel that reviews every solar company in North America to determine eligibility and ranking. Reviews from SolarReviews

were also taken into consideration and used as a reference to check the accuracy of and verify the installation claims. Solar Power World points out the ranks are determined "by the number of megawatts (DC) a company was involved with installing in 2015 in North America." In 2015 alone Home Energy Systems installed 0.50 megawatts to residential homes and business building in San Diego.

“

This award on the Top 500 Solar Contractor list is a testament to our hard work, passion, and innovation.

*Ross Williams, Vice President
of Home Energy Systems*

Home Energy Systems plans to increase their total megawatts installed and taking an even higher ranking next year. With continued growth both within the company and the solar industry, H.E.S. Solar looks forward to another successful year and is honored to make it on the 2016 Top Solar Contractor list.

H.E.S. Energy Showroom & Design Center Now Open in Mission Valley East
