

# Global Nickel Hydroxide Market Size, Share, Strategy, Research – Future Forecast to 2021

*Global: Nickel Hydroxide Market Information by Applications - Forecast To 2021*

PUNE, MAHARASHTRA, INDIA, August 24, 2016 /EINPresswire.com/ -- Market Research Future (MRFR) Announces the Publication of its Research Report – [Global Nickel Hydroxide Market 2016-2021](#)

Market Research Future (MRFR) recognizes the following companies as the key players in the global nickel hydroxide market: Norilsk Nickel, Sumitomo Metal Mining Co., Ltd, ERAMET, Tanaka Chemical Corporation.

Other Prominent Vendors in the market are: Jiangmen chansun Umicore Industry Co., Ltd, Henan Kelong New Energy Co., Ltd, Jilin Jien Nickel Industry Co., LTD, ALT Cobalt & Nickel Products (Dalian) Co., Ltd and others.

The Major Key Players are Jiangmen chansun Umicore Industry Co., Ltd, Henan Kelong New Energy Co., Ltd, Jilin Jien Nickel Industry Co., LTD, ALT Cobalt & Nickel Products (Dalian) Co., Ltd and others.”

Commenting on the report, an analyst from Market Research Future (MRFR)'s team said: “the global nickel hydroxide market has experienced a prospective growth in the past few years and it is predicted that the market will grow significantly in near future. Nickel hydroxide is a primary chemical compound which is mostly used batteries manufacturing. As per the report, it has been analyzed that increasing demand for batteries will

simultaneously increase the demand for nickel hydroxide. From the application segment, the mid-high rate batteries have accounted the largest share in 2016 followed by pocket batteries. Geographically, China ranks top in productions and capacity.”

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table

of content TOC & market synopsis on "Global Nickel Hydroxide Market 2016-2021"

Access Report Details @ <http://www.marketresearchfuture.com/reports/global-nickel-hydroxide-market-forecast-to-2021>

Further the report states that China holds the leading position in terms of production, consumption and capacity with a market share of 42.10% followed by Europe. Due to the huge customer base of batteries, the manufacturer has got an ample opportunity to cover the global market by increasing their production capacity.

In this report it has been also analyzed that nickel hydroxide plays dynamic role in the Ni based cadmium batteries which have long service life. Currently, demand for Ni-CD batteries is growing at a higher pace than in the past few years.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
