

Marketing Lounge Partnership achieves ISO 27001 certification with IT Governance's consultancy support package

ELY, CAMBRIDGESHIRE, UNITED KINGDOM, August 25, 2016 /EINPresswire.com/ -- IT Governance, the leading provider of cyber security and [ISO 27001](#) expertise, is pleased to congratulate Marketing Lounge Partnership on achieving certification to ISO 27001 for its information security management system.

Alan Calder, the founder and chief executive officer of IT Governance, said: "We are delighted that our support helped Marketing Lounge Partnership achieve ISO 27001 certification. ISO 27001 can create various challenges for implementation teams, but, if supported by in-house management alongside IT Governance's external expertise and support, certification is guaranteed."

ISO 27001 is the international best practice standard for information security, and is used by leading organisations worldwide to protect and preserve the confidentiality, integrity and availability of information.

To achieve the certification, Marketing Lounge Partnership opted for IT Governance's bespoke consultancy support package. This service included a tailored ISMS implementation to suit the organisation's requirements, the transfer of knowledge and skills to staff involved in the ISMS project, the risk assessment, the certification preparation and certification audit support, as well as other key processes and documentation.

John Nolan, partner of Marketing Lounge Partnership, said: "We chose IT Governance's consultancy support package because we were keen to enhance our in-house knowledge. With this implementation route, we were able to further develop our understanding of the Standard and its requirements organically".

Organisations wishing to take full advantage of IT Governance's experience and expertise, from setting up the implementation project to accredited certification, while making sure that the ISMS team develop the skills needed to maintain the ISMS, can opt for the [ISO 27001 Bespoke Consultancy support package](#).

John Nolan continued: "Having IT Governance on hand to guide and transfer our in-house best practice methods to a swift adoption of the ISO27001 Standard and provide ongoing expert support has been invaluable."
