

Global Modern Manufacturing Execution System Market Analysis Various Segments and Sub-Segments, Applications to 2027

Global Modern Manufacturing Execution System (MES) Market Information, by Process (Food and Beverages industry), by Discrete - Forecast 2016-2027

PUNE, MAHARASHTRA, INDIA, August 24, 2016 /EINPresswire.com/ -- Market research future published a half cooked research report on [Global Modern Manufacturing Execution System \(MES\) Market](#) that contains the information from 2016 to 2027. This market is expected to grow with the CAGR of more than XX% from 2016 to 2027, and with this it is predictable to cross USD \$XX billion by 2027.

Market Research
Future

Need of Real-Time data in the manufacturing plants is expected to drive the market growth.

Modern Manufacturing Execution system (MES) market is completely driven by growth of manufacturing industries around the world. MES provides the real time data about the robots which are working, process, employees and on floor activities. This helps to monitor and smoothing the workflow for the optimum result and as number of companies are entering into manufacturing segment, the market for modern manufacturing execution system will increase substantially.

Major Key Players are-
General Electric, Yokogawa Electric Corporation, SAP SE, Schneider Electric, Emersion Electric, Siemens, ABB Ltd, Rockwell Automation, Honeywell International, Tata Technology”
