https://www.wiseguyreports.com/reports/562719vascular-stents-global-market-outlook-2015-2022 The Global Vascular Stents Market is accounted for \$8.21 billion in 2015 and is expected to reach \$11.6 billion by 2022 growing at a CAGR of 5.18% from 2015 to 2022. Growing recognition for vascular stents and increasing occurrence of cardiovascular diseases are the major factors driving the market growth. Moreover, growing number of aging population, increasing occurrence in peripheral diseases and improving new R&D devices and technologies are bolstering the growth of the market. However, huge capital for vascular stents and availability of different therapies are the major drawbacks in this market. On the other hand, increasing fondness for bioabsorbable

stents will boost this market growth over the forecast period. Growing risk from substitutes and extreme competition are the major challenges involved.
