

# Data centers Market in China 2016 Analysis and Forecast to 2020

*Analysts forecast the data center market in china to grow at a CAGR of 13% during the period 2016-2020.*

PUNE, INDIA, August 25, 2016 /EINPresswire.com/ -- About Data Center

Data centers are established by either large-scale enterprises or enterprises offering cloud-based services. Enterprises are building colocation and managed hosting data center facilities and renting them to other large enterprises and SMEs. With the evolution of cloud computing and increased use of big data analytics, more data centers that can cater to the increased computing requirement of enterprises need to be built.

Covered in this report

The report covers the present scenario and the growth prospects of the data center market in china for 2016-2020. To calculate the market size, the report considers revenue generated from the capital expenditure (CAPEX) of IT infrastructure, power management systems, cooling solutions, general construction, racks, security, and DCIM.

The market is divided into the following segments based on security:

- Physical security
- Logical security

Data Center Market in China 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Alibaba
- China Telecom
- China Unicom
- China Mobile

Other prominent vendors

- 21Vianet Group
- AT&T
- Baidu
- CenturyLink
- Equinix
- Fujitsu

- NTT Communications
- Singtel
- Telehouse (KDDI)
- Tencent

#### Market driver

- Rise in demand for cloud data centers
- For a full, detailed list, view our report

#### Market challenge

- Pollution problems
- For a full, detailed list, view our report

#### Market trend

- Construction of green data centers
- For a full, detailed list, view our report

#### Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
