-- The power of energy and the power of the mind can influence the physical realm. You can create your own reality.

Candi-Lin Robertson, B.D, M.Sc.,RM is the founder of Cosmic Diamond Mysteries, an energy healing practice that offers Parallel Life Readings and Akashic Medicine to change your life and bring your conscious awareness to the next level.

"I have compassion for people. I know what it feels like to be sensitive. I know what it feels like to negotiate energies," says Candi-Lin. "So I want people to be empowered. I help people take back control of their own lives so they can make purposeful decisions for themselves each day."

Candi-Lin is an international teacher and the developer of the Akashic Medicine healing modality. Akashic Medicine resides in the non-physical plane of existence known as the Akashic plane.

"I find that language can often be very limited so I created my own modality. Akashic is an ethereal plane, and within that plane, you can access anything that you need," Candi-Lin explains. "Akashic Medicine allows me to access the energy of any physical object to assist you in your healing journey."

Candi-Lin says she's possessed healing gifts since birth. She is gifted with the full spectrum of Clairaudience (hearing/ listening), Clairsentience (feeling, touch), Clairalience (smelling) and Claircognizance (knowing). These gifts allow Candi-Lin to address your parallel life (past life) issues and work within your genetic and energy codes to release any blocks you may have and return your body to a state of balance.

"It's hard for me to articulate what I do. It's just who I am," says Candi-Lin. "Tell me what you need and
