

# Envisio Names Brian Norusis to Board of Directors

*Customer Success Veteran Brings Local Government Experience to Drive Growth at Envisio*

SURREY, BRITISH COLUMBIA, CANADA, September 6, 2016 /EINPresswire.com/ -- SURREY, British Columbia – September 6, 2016 – Today, Envisio, a leading cloud-based [strategy implementation platform](#), announced the appointment of Brian Norusis to its Board of Directors. Norusis brings more than 20 years of experience as an executive in software services technology.

The depth of Brian's experience with SaaS products and his experience in serving the local government sector will be an immense asset to Envisio as we navigate this hyper-growth stage of our business.

*Mike Bell*

Norusis is currently the Vice President of Customer Success with [e-Builder](#), the leading cloud-based provider of construction program management software for capital projects. Norusis joined e-Builder in 2008 and has been instrumental in architecting the organization's client focus and execution which drove accelerated growth over his tenure. Norusis currently manages a global team of more than 80 professionals at e-Builder in professional services, customer

success and custom development. He received his undergraduate degree in Political Science from James Madison University and his MBA from the University of Arkansas at Little Rock with high honors.

"We are very excited to have Brian join our Board of Directors," said Mike Bell, CEO of Envisio. "The depth of Brian's experience with SaaS products and his experience in serving the local government sector will be an immense asset to Envisio as we navigate this hyper-growth stage of our business."

Envisio's innovative software enables local government administrators to transform their daily activities by connecting people through integrated departmental communication. With Envisio's software, administrators are able to streamline project management, align priorities and track performance indicators with ease.
