

Presentations on Tactical Communications by Hungarian Defence Forces, RUAG Defence and XTAR LLC Available for Download

SMi Group have released online 3 presentations from the 9th annual Mobile Deployable Communications conference

LONDON, SELECT, UNITED KINGDOM, September 6, 2016 /EINPresswire.com/ -- SMi Group have released for download, [three presentations](#) from this year's [Mobile Deployable Communications](#) military conference.

The available presentation include those from the Hungarian Defence Forces, RUAG Defence and XTAR LLC, entitled: 'Simplifying All-IP Tactical Networks', 'Provision of Deployable CIS Capabilities by Hungary' and 'X-band has come of age! Are you exploiting it?' These can be downloaded for free from SMi Group's website Download Centre, here: <http://www.mobiledeployable.com/einpr>

The London based, event producing company have released these exclusive presentations to give future attendees of the next Mobile Deployable Communication conference a taste of what to expect on 2nd-3rd February 2017 in Warsaw, Poland. This exclusive defence event, sponsored by: General Dynamics Mission Systems, Tampa Microwave, Thales and RUAG will be in its 10th consecutive year and is comprised of 16+ high ranking briefings and discussions, led by representatives from some of the most forward thinking military nations and industry leading providers, presenting on their experience and ongoing work with: CIS capabilities, tactical communication programmes and adapting solutions.

Next year's [programme](#) is still in production but confirmed expert speakers for 2017 already includes senior representatives from the: Polish Armed Forces, DGA France, DISA Europe, Belgian Defence, Netherlands MoD, Spanish MoD, Multinational Corps North East, EU Military Staff, U.S Army Europe, European Defence Agency, NATO Force Integration Unit Poland, General Dynamics Mission Systems, Thales and many more still to be announced.

For more information on the available presentations or next conference, visit the website at: <http://www.mobiledeployable.com/einpr>
