

# ControlCase to host annual conferences in USA and Singapore

---

*The conferences will explore critical issues facing information security, risk, governance, and compliance professionals around the world.*

FAIRFAX, VIRGINIA, USA, July 14, 2016 /EINPresswire.com/ -- ControlCase, a leading provider of compliance, information security and risk management solutions, is pleased to announce the locations and dates of its 2016 annual conferences:

- Royal Sonesta Hotel, New Orleans, Louisiana, USA – October 27th – 28th
- Hilton Hotel, Singapore – November 16th – 17th

The ControlCase annual conferences are key events on the calendars of information security, risk, governance and compliance professionals across the globe. The events provide a platform for sharing insights on how industry professionals can diversify their roles and develop their skills to bring optimum value to their organizations.

As always, ControlCase has assembled an exciting series of speakers from a variety of organizations, including the PCI Security Standards Council and MasterCard. The conference programs will feature participatory sessions on the following topics:

- PCI Version 3.2
- Protecting payments throughout the ecosystem
- Challenges and solutions towards multiple certifications
- Practical approaches to demonstrating proper data governance

“Once again, the conferences will showcase our commitment to security, our pledge to providing unparalleled support to clients, and our culture of innovation,” said Kishor Vaswani, CEO of ControlCase.

“Every year, we set out to create truly unique experiences that provide insight on industry trends, support knowledge-sharing, and establish a new benchmark for bringing value to our clients. We are looking forward to using this year’s conferences as platforms from which to take a deep dive into a number of issues – and applied solutions – affecting organizations today.” Said Mr Vaswani.

ControlCase is an international information security and compliance management organization that provides certifications for PCI DSS, ISO 27001, HIPAA/HITECH, SSAE16, EI3PA and FISMA, making it uniquely qualified to offer advice and guidance on achieving and maintaining security and regulatory compliance.

There is no cost to attend the ControlCase conferences, however, registration for the events is limited and offered on a first-come, first-serve basis.
