

What can the pharma industry learn from the food cold chain?

SMi reports: Stephen James, Director, Food Refrigeration and Process Engineering Research Centre, The Grimsby Institute, joins Cold Chain Distribution 2016

LONDON, LONDON, UNITED KINGDOM, September 8, 2016

[/EINPresswire.com/](http://EINPresswire.com/) -- What can the pharma industry learn from the food cold chain? To what extent do the challenges of the pharmaceutical cold chain the food cold chain and overlap? Can solutions that improve food cold chain be relevant to pharma cold chain?

SMi Group are delighted to announce a great addition to this year's event programme for [Cold Chain Distribution 2016](#): Stephen James, Director, Food Refrigeration & Process Engineering

Research Centre (FRPERC), The Grimsby Institute, will be speaking on Day Two of the conference on "What can the pharma industry learn from the food cold chain?" Highlights from the talk include: What technologies developed for the food cold chain are directly applicable for pharmaceutical industry; Discovering cost-reduction strategies without jeopardising product quality; How to manage risks.

“

We consider this SMi's meeting as the industry-leading event in the UK which has always attracted a good mix of speakers and delegates, who are all key opinion leaders in their respective fields

David Spillett, Key Account Director, World Courier

Cold Chain Distribution 2016, December, London

Cold Chain Distribution 2016 will take place in London, on the 12th and 13th of December. The event will host cold chain experts from the Pharma and Biotech regulators and suppliers to keep abreast of cold chain distribution developments. The conference will also provide information on the latest technologies in cold chain distribution, from temperature monitoring to packing.

Further information is available on www.coldchain-distribution.com/EIN

Event Highlights:

- Hear from [MHRA](#), PIC/S and Danish Medicines Agency on GDP updates to ensure compliance.
- Get insights into emerging markets for cold chain distribution potential and challenges from Johnson & Johnson, Teva Pharmaceuticals (Israel) and Vertex Pharmaceutical (Europe) Ltd.

- Hear from other leading pharma cold chain experts from GSK, NHS Blood & Transplant, Finnair, Peli BioThermal, Cell Therapy Catapult, Modalis Ltd and more.
- Learn about the latest technologies in cold chain distribution, from temperature monitoring to packaging.
- Meet your 3PLs at the conference and discuss how to drive operational excellence.
