

Concierge Delivery Service Concept Expanding Across the U.S.

Utah-based company snackdash is pleased to announce the expansion of their business with new franchising opportunities.

PROVO, UTAH, USA, September 7, 2016

/EINPresswire.com/ -- Utah-based company [snackdash](#) is pleased to announce the expansion of their business with new franchising opportunities. Snackdash anticipates adding a total of 15 units in the first year of business and 500 overall units in the first five years. Established in 2013, snackdash is a concierge delivery service utilizing an easy-to-use app for business customers. They offer order and delivery services for snacks, beverages, fresh and frozen foods, office supplies, and more that employers may provide to employees within the workplace and in break rooms.

“We are excited about expanding snackdash with franchise opportunities in California and at the same time supporting the future generation of entrepreneurs,” said company CEO Seth Lloyd.

Snackdash uses a proprietary mobile app on the iOS and Android platforms with the focus on providing a seamless interaction between franchisee and customer. The snackdash app provides franchisees with back-end support from the corporate brand. The snackdash app gives franchisees the ability to do business from the palm of their hands, and we are excited to offer an effective, easy-to-use system. Lloyd said, “With the snackdash app, franchisees can focus on growing their business, not running it.”

“We are excited about expanding snackdash with franchise opportunities in California and at the same time supporting the future generation of entrepreneurs”

CEO Seth Lloyd

An initial investment fee of \$25,000 is required to start a [snackdash franchise](#) and the total investment ranges from

\$46,150 to \$125,000. Franchisees are not required to have a brick-and-mortar location; rather, they lease company-branded vans for transporting goods. Honorably discharged U.S. military veterans receive a 25% discount on the initial franchise fee.

The franchisee opportunity is one with residual earnings, a model that generates revenue on an ongoing basis based on customer satisfaction and loyalty. According to Lloyd, “Clients who use our app once are hooked on our white-glove concierge delivery system from the ease of ordering to the no-hassle delivery and complimentary stocking services. We see clients placing repeat orders on a monthly, weekly, or even daily basis.”

About snackdash

Provo, Utah-based snackdash is a premier concierge delivery service company that began in 2013. Snackdash focuses on the convenience of ordering through their official app, which is available for download on the iOS and Android platforms. With this proprietary software, snackdash provides services to business customers with a white-glove, cost-saving approach.
