

Global Leader In High Tech Wireless IP Camera and Surveillance Solutions Launches U.S. Distribution Arm, Foscam Inc.

Global Leader In High Tech Wireless IP Camera and Surveillance Solutions Launches U.S. Distribution Arm, Foscam Inc. in Houston's Energy Corridor

HOUSTON, TEXAS, USA, September 8, 2016 /EINPresswire.com/ -- - ShenZhen Foscam Intelligent Technology Co., a leading provider of IP Camera solutions with established distribution in more than 30 countries around the world, has launched its U.S. distribution arm, Foscam Inc., with corporate headquarters located in Houston's Energy Corridor. "Foscam Inc.'s U.S. presence allows us to better serve U.S. consumers, expand customer support, accelerate distribution and enhance R&D with next generation product offerings," says Steven Deng, Foscam's CEO.

Foscam's current lineup offers a full range of products, including more than 20 Wi-Fi networking surveillance solutions delivering the latest technology: IP Cameras, Baby Monitors, Network Video Recorders (NVR), Indoor/Outdoor NVR Kits with Power over Ethernet (PoE) technology, Kit Accessories, and Cloud-Based Network Management.

Every Wi-Fi security camera product is designed to be extremely affordable while utilizing next-generation technologies: 6x Magic Zoom (for enhanced image detail), Ambarella Chipsets (for vivid and smooth video),

Wide Dynamic Range (WDR) Technology (for glare and dark spot correction) and Rich Media Message Push (for real-time alarm notifications).

Previously, U.S. distribution was managed through an exclusive arrangement with a third party distributor. Moving forward, Foscam Inc., a subsidiary of the manufacturer, will handle all distribution of products in the U.S. This change will allow the company to better meet the needs of its growing

1080P full HD video streaming presents true colors of images

1080P HD Video providing a perfect visual presentation

Either on your computers or mobile devices, 1080P full HD video streaming presents real colors of objects, enabling you to view your house more clearly anywhere, anytime.

1080P Full HD Ordinary

Accurately monitor your home with Passive Infrared Detector(PIR) and Intelligent Alerts

C2 detects human heat and shifts moving objects with PIR, and it will send you real-time alerts to your mobile device via notifications. You can accurately monitor your home without being annoyed at receiving false alerts with blowing leaves.

Foscam Inc.'s U.S. presence allows us to better serve U.S. consumers, expand customer support, accelerate distribution and enhance R&D with next generation product offerings.

Steven Deng, Foscam CEO

consumer base.

Consumer research conducted by Foscam Inc. showed that while U.S. purchasers were highly satisfied with Foscam-manufactured products overall, value-added customer service had been declining under the previous distributor.

To better serve its consumers, Foscam Inc. is expanding its customer support operations through enhanced 24-hour phone, chat and email support. For technical support, U.S. consumers should contact Foscam Inc. at (844) 344-1113 or write to techus@foscam.com. Foscam wireless IP Cameras

and new products can be purchased directly through foscammall.com, on Amazon.com and big box retail stores nationwide.
