

CSL Joins RAIN RFID Alliance to Promote RAIN RFID Reader Technology

CSL collaborates with industry counterparts to promote RAIN RFID Reader technology for a connected world

HONG KONG, CHINA, September 13, 2016 /EINPresswire.com/ -- [Convergence Systems Limited](#) (CSL), a global provider of passive RFID products and active RTLS equipment, announced that the company has joined the [RAIN RFID Alliance](#). The global RAIN RFID Alliance fosters the advancement of technologies that enable businesses and consumers to identify, locate and authenticate items in our everyday world.

As part of the RAIN RFID industry alliance, CSL will work together with colleagues, suppliers and customers to help promote RAIN RFID technology for IoT, healthcare, manufacturing, retail and other top industries that CSL services.

“CSL designs and manufactures RAIN RFID readers, RAIN RFID antennas for a range of RFID application solutions,” said Jerry Garrett, CSL Managing Director. “We look forward to supporting the growth of the RAIN Alliance and to bringing more awareness on RFID applications.”

“We are proud to have CSL join the RAIN Alliance,” said Steve Halliday, president of RAIN Alliance. RAIN RFID promotes awareness, education, and initiatives to accelerate UHF RFID growth and adoption in business and consumer applications worldwide.”

About Convergence Systems Limited

Founded in 2000, Convergence Systems Limited is a leading design engineering and manufacturer of radio frequency ID (RFID) readers, antennas, modules, tags and custom designed OEM RFID products. CSL is unique in providing both passive Electronic Product Code™ (EPC) Gen 2 RFID products, as well as, a full line of active RTLS RFID products. CSL delivers a broad portfolio of RFID hardware that comply with global frequency certifications for retail applications, logistics management, supply chain, manufacturing, pharmaceutical, access control, transportation and other specialized uses. A member of standards organizations RAIN RFID, AIM and EPC Global, CSL is headquartered in Hong Kong with global distribution channels. For more information, visit www.convergence.com.hk

About RAIN RFID Alliance

The RAIN RFID Alliance is hosted by AIM, Inc. a nonprofit organization. RAIN promotes awareness, education, and initiatives to accelerate the adoption in business and consumer applications worldwide of passive UHF RFID standards developed by GS1 (EPC Gen2v2) and incorporated by ISO/IEC (18000-63). Information on RAIN is available on the RAIN website at www.RAINRFID.org or by email at info@RAINRFID.org.
