

Global Airport Baggage Handling Systems is Expected to Grow at a CAGR of Around 7.56% During 2016-2021

Global Commercial Airport Baggage Handling Systems Market Report by Airport Class, Technology (Barcode, RFID), Service, Type and by Geography- Forecast to 2021

PUNE, MAHARASHTRA, INDIA,
September 13, 2016 /EINPresswire.com/

-- Key Findings

- Airport construction and terminal expansion projects are the key factors driving the market

- Utilization of technology (such as RFID) for airport baggage handling processes has been growing

“

Some of the key players are Vanderlande Industries, Daifuku Company Ltd, Siemens AG, Pteris Global Limited, Beumer Group, Grenzebach Maschinenbau GMBH, Fives Group, BCS Group, G&S Airport Conveyor”

Market Research Future

- In 2014, 24.1 million airport passenger bag was mishandled, which cost the industry \$2.4 billion

- APAC will grow at a CAGR of around 10% in the forecast period, followed by Americas and EMEA with XX% and XX%, respectively

Key Player

Some of the key players in the Commercial Airport Baggage Handling Systems market are Vanderlande Industries, Daifuku Company Ltd, Siemens AG, Pteris Global Limited, Beumer Group, Grenzebach Maschinenbau GMBH, Fives Group, BCS Group, G&S Airport Conveyor, and Logplan LLC

Study Objectives of Commercial Airport Baggage Handling Systems

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the global Commercial Airport Baggage Handling Systems market

- To provide insights about factors affecting the market growth

- To Analyze the Commercial Airport Baggage Handling Systems market based on various factors-

price analysis, supply chain analysis, Porters five force analysis.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to six main geographies and their countries- North America, Europe, Asia-Pacific, South America, Middle East, and Africa
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by Airport Class, by Type, by technology, by service and by region as well as its sub segments

- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, and new product developments in the global Commercial Airport Baggage Handling Systems market

Taste the market data and market information presented through more than 70 market data tables and figures spread in 120 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on “[Global Commercial Airport Baggage Handling Systems Market to 2021](#)”

Market Synopsis of Commercial Airport Baggage Handling Systems

The global Airport Baggage Handling Systems is expected to grow at a CAGR of around 7.56% during 2016-2021. This growth is driven due to increasing air traffic, up gradation and modernization of airports.

Global Airport Baggage Handling Systems Market (\$ billion), 2016-2021

As per the MRFR analysis, increasing focus on airport efficiency and focus on customer satisfaction are some of the other factors that are significantly contributing to the growth of the market.

Browse Report @ <https://www.marketresearchfuture.com/reports/global-commercial-airport-baggage-handling-systems-forecast-to-2021>

Asia Pacific is leading the global market with around 40% market share and will remain the dominant player during forecast period. As per the estimates, the region would have an annual average growth of 6.3% in passenger traffic for the next 20 years. It is estimated that almost 50% of global air passenger's traffic over the next 20 years will originate from APAC. These factors will boost the demand for airport baggage handling systems market.

Market Segmentation of Commercial Airport Baggage Handling Systems Market

Regional and Country Analysis of Commercial Airport Baggage Handling Systems Market

Asia-Pacific is the leading region in terms of both market share and revenue. The market in APAC

was valued at \$XX billion in 2015 and will reach \$XX billion by 2020, growing at a CAGR of around 10%.

The reports also cover country level analysis:

Americas (North & Latin)

- o US
- o Canada
- o Brazil
- o Others

Europe

- o Germany
- o France
- o Italy
- o Spain
- o U.K
- o Rest of Europe

Asia – Pacific

- o China
- o India
- o Japan
- o Australia/New Zealand
- o Rest of Asia-Pacific

Middle East & Africa

- o UAE,
- o Kuwait
- o Israel
- o Rest of Middle East & Africa

The market report for Commercial Airport Baggage Handling Systems Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
