Over the past few years, the tobacco packaging manufacturers have seen a substantial growth in the global market due to the rapid increasing in the number of smokers and it has been anticipated that the market growth will remain continue during the forecast period. The demand for tobaccos such as cigarettes, cigar and other products has increased significantly which has resulted in increasing growth of tobacco packaging. The other driving factors include growing population, technological advancements, changing life styles and increasing popularity of cigarettes. On the other hand, the government initiatives for organizing anti-tobacco campaigns and diseases caused by tobacco are hindering the growth of global market. Introducing of E-Cigarette is one of the major trend in the global tobacco packaging market. Geographically, Asia-Pacific is expected to be the leading market followed by other regions.
