

Crude Oil Refinery Industry in Canada Comprehensive Report Outlook to 2021 - Production, Consumption, Exports/Imports

Canada Crude Oil Refinery Outlook to 2021 is a comprehensive report on crude oil refinery industry in Canada Covered oil production, consumption, Export/Import.

PUNE, INDIA, September 15, 2016 /EINPresswire.com/ -- [Canada Crude Oil Refinery Outlook to 2021](#)

Wiseguyreports Added "Canada Crude Oil Refinery Outlook to 2021" To Its Research Database.

Summary:

"Canada Crude Oil Refinery Outlook to 2021" is a comprehensive report on crude oil refinery industry in Canada. The report provides oil production, consumption, exports and imports details from 2000 to 2020 along with oil reserves for the period 2000 to 2015. The report also provides details on oil refineries such as name, type, operational status, operator apart from capacity data for the major processing units, for all active and planned refineries in Canada till 2021. Further, the report also offers recent developments, financial deals as well as latest contracts awarded in the country's oil refinery industry.

Scope:

- Historic and forecast of oil data related to production, consumption, exports and imports for the period 2000-2020, and reserves for the period 2000-2015
- Updated information related to all active and planned refineries in the country, including operator and equity details
- Information on CDU, coking, FCC and hydrocracking capacities by refinery in the country, where available
- Key mergers and acquisitions, partnerships, private equity and IPOs in the country's crude oil industry, where available
- Latest developments, financial deals and awarded contracts related to crude oil refineries in the country
