

Airborne ISR Market 2016 market Share, competitor Strategy, Market Challenge and Future Forecast to 2021.

Global Airborne ISR Market by Systems (AEWC, Sensor, Electronic Warfare, Maritime Patrol), by Purpose, and by Geography- Forecast To 2021

PUNE, MAHARASHTRA, INDIA, September 16, 2016 /EINPresswire.com/ -- [Market Research Future](#)

The prominent players are- BAE Systems, L-3 Communication, Lockheed Martin, Northrop Grumman, UTC Aerospace Systems, Boeing, General Dynamics, Raytheon, Rockwell Collins, and Thales”

Market Research Future

(MRFR) recognizes the following companies as the key players

Key Players

The leading market players in the [global Airborne ISR market](#) primarily include BAE Systems, L-3 Communication, Lockheed Martin, Northrop Grumman, UTC Aerospace Systems, Boeing, General Dynamics, Raytheon, Rockwell Collins, and Thales

Study Objectives of [Airborne ISR Market](#)

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Airborne ISR Market
- To provide insights about factors affecting the market growth
- To analyse the Global Airborne ISR Market based on various factors- price analysis, supply chain analysis, porter’s five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by systems and purpose
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market

Market Synopsis of Airborne ISR Market

The global Airborne ISR market is expected to grow at a CAGR of around 4% during 2016-2021. This growth is driven due to growing demand of unmanned aerial vehicle, investments on ISR payloads, and procurement of multirole UAV remote sensors.

Global Airborne ISR Market (\$ billion), 2016-2021

The need for UAV remote sensors emerged from the changes in military security missions, such as, shift to Net-centric warfare (NCW), increasing Low intensity conflicts (LIC), need for persistence, and

reduced tolerance to casualties.

The Americas is the dominant player with 55% of the market share and is likely to be the leading region in the forecast period. Whereas, with the growing defense spending and procurement of airborne systems, APAC region will grow significantly at a CAGR of around 9% during the forecast period.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
