

Super Absorbent Polymer Market 2016 market Share, Regional Analysis, Market Challenge and Forecast to 2021.

Global Super Absorbent Polymer Market Information by material (Polyacrylamide Copolymer and Sodium Polyacrylate), by applications and Region - Forecast to 2021

PUNE, MAHARASHTRA, INDIA, September 16, 2016 /EINPresswire.com/ -- [Market Research Future](#) (MRFR) recognizes the following companies as the key players

Key Players

The leading market players in the [global super absorbent polymer market](#) are Evonik Industries, BASF, Formosa Plastics Corporation, Nippon Shokubai, LG Chem, SDP Global Co, Songwon Industrial, KAO Corporation, Yixing Danson Technology and others.

Study Objectives of Super Absorbent Polymer Market

- To provide detailed analysis of the market structure along with forecast for the next 5 years of various segments and sub-segments of the global super absorbent polymer market
- To provide insights about factors affecting the market growth
- To analyze the global super absorbent polymer market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, APAC, and Rest of the World (ROW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by material and application.
- To provide strategic profiling of the key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

Market Synopsis of Super Absorbent Polymer Market

The global super absorbent polymer market has seen a potential growth over the past few years and as per MRFR analysis, the global market will keep growing during the forecast period owing the continues increasing demand for super absorbent polymer in the applications such as agriculture, personal care, construction materials, food packaging, sensor systems and others. As per the analysis, agriculture is one the leasing application in terms of demand and supply. Followed by

personal care. In personal care, the major market has been covered by disposable infant diapers and seeing the demand of this product, the global market can achieve a higher growth in near future. Additionally, the rising agriculture industry is also the major reason behind this massive growth. Geographically, North America is the leading market followed by Europe and APAC.

Regional Analysis of Super Absorbent Polymer Market

The global super absorbent polymer market is poised to reach \$XX million in 2015 from \$XX million in 2021, with a CAGR of XX% during the forecasted period.
