

Is Teen Rapper Bryson Morris on His Way to Becoming the Next Jacob Sartorius?

Hip-hop Sensation Bryson Morris Watches as His Fame Grows Exponentially.

NEW YORK CITY, NY, UNITED STATES , September 20, 2016 /EINPresswire.com/ -- Aspiring teen rapper and celebrity Bryson Morris has recently established his presence within the hip-hop community through the release of his first official music video, #LOUISGUCCI. Due to his virtually overnight rise to stardom, Bryson Morris has been compared to fellow teen performer Jacob Sartorius, who also recently experienced an explosion in popularity.

At the age of 14, Bryson Morris is only one year older than Sartorius. Both teens grew up in relatively small towns in the central United States, where they spent time refining their musical abilities. In an unprecedented turn of events, they each underwent their respective ascents to fame in an extremely short period of time.

The two artists were also discovered through videos they uploaded to social media; Jacob Sartorius gained traction by posting lip-syncing videos, while Bryson Morris garnered attention from a rap video he uploaded, where he performed over the instrumental track to Drake's "Know Yourself" and included his own, original lyrics.

While Sartorius has had astronomically more exposure and video views than Bryson Morris has, a lower percentage of those who listen to Jacob Sartorius's music seem to convey positive reception. In fact, YouTube currently lists his music video for "Sweatshirt" as the 7th most disliked video of all time.

As a rapper, Bryson Morris is more focused on his lyrical content and its delivery. Jacob Sartorius makes his overall sound his priority and is known, and perhaps even notorious, for using heavy vocal effects in his music. Furthermore, Bryson Morris has a darker, more aggressive sound to his songs, while Sartorius's music is much more lighthearted and bright.

Could Bryson Morris experience the same amount of popularity that Jacob Sartorius has undergone in recent months? It seems very likely. In one week alone, the music video for #LOUISGUCCI reached over 100,000 views on YouTube.

Iconic YouTuber LoveLiveServe, known affectionately by his nickname "Rhino," recently uploaded a video about Bryson Morris's song #LOUISGUCCI. He praised the music video for its quality production, content and lyrics, declaring that Morris's song is "the new summer anthem." While it is not yet quite as large as Jacob Sartorius's, Morris's fan base is rapidly growing and will continue to increase as he releases more music. To view Bryson Morris; official video click here: <http://brysonmorrischannel.com/>

Bryson Morris began creating music at the tender age of 11. He was determined to pursue his career as a hip-hop artist and subsequently began researching on his own about how he could attain his dreams of fame. Over time, he used the positive feedback he gained from his classmates and social media followers as motivation to continue his musical journey.

Bryson Morris's recently launched website includes a store where fans are able to purchase hip-hop clothing. He hopes that this allows a deeper connection between him and his fans, as well as between him and other artists. He is determined to put his best efforts into creating more music for those who support him.
