

Global Aerospace and Defense Telemetry Market to Expand at 3% CAGR during 2016-2021

Global Aerospace and Defense Telemetry Market by Application (Comm'l Aerospace and Defense) and by Geography - Forecast To 2021

PUNE, MAHARASHTRA, INDIA,
September 21, 2016 /
EINPresswire.com/ -- Study Objectives
of [Aerospace and Defense Telemetry Market](#)

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the [Global Aerospace and Defense Telemetry market](#)

- To provide insights about factors affecting the market growth
- To analyse the Global Aerospace and Defense Telemetry Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc

“

The prominent players are- BAE systems, Cobham, Honeywell, L-3 communications, Zodiac Aerospace, Curtiss-Wright, Dassault Aviation, Finmeccanica, Kongsberg Gruppen, and Orbit Technologies.”

Market Research Future

communications systems, and utilization of UAV for remote sensing.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective

Market Synopsis of Aerospace and Defense Telemetry Market

The Global Aerospace and Defence Telemetry Market is expected to grow at a CAGR of around 3% during 2016-2021. Factors driving the market are growing demand of radio and satellite based telemetry for military & defense application, investment in R&D to develop control &

Key Findings

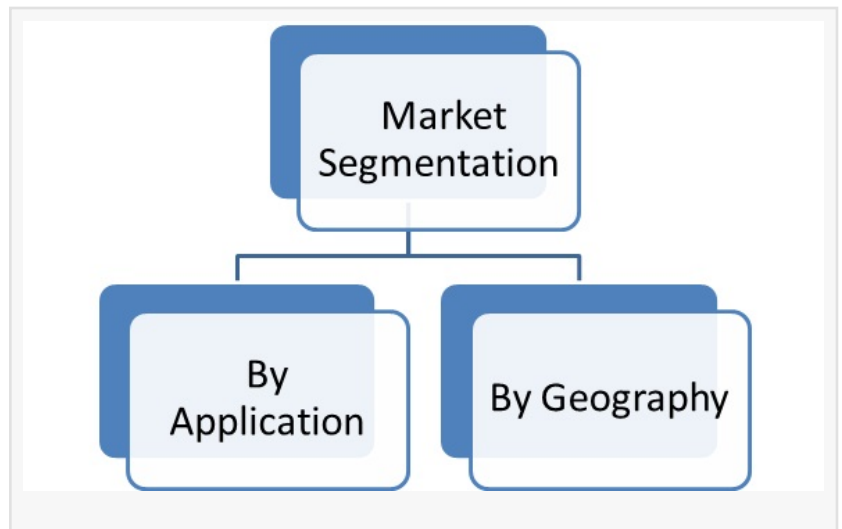

- Americas will remain the leader in A&D telemetry market to reach \$XX billion in 2021, to grow at a CAGR of 1.5 to 2%

Market Research Future (MRFR)

recognizes the following companies as the key players

The leading market players in the global Aerospace and defense telemetry markets include

- BAE systems
- Cobham
- Honeywell
- i-3 communications
- Zodiac Aerospace
- Curtiss-Wright
- Dassault Aviation
- Finmeccanica
- Kongsberg Gruppen, and Orbit Technologies.

Global Aerospace and Defense Telemetry Market (\$ billion), 2016-2021

As per the MRFR analysis, issues related to C-band telemetry, noise due to interference, errors caused due to non-uniformity, and ongoing budget cuts would affect the market growth during the forecast period.

Reasons to Purchase this report:

From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Global Aerospace and Defense Telemetry Market, high-growth regions, and market drivers, restraints, and opportunities.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
