

Global Aircraft Line Maintenance Market is expected to grow at a CAGR of around 5.5% during 2016-2021

Global Aircraft Line Maintenance Market by Aircraft Type (Wide body Aircraft, Narrow body Aircraft, and Regional Jet), by Geography - Forecast To 2021

PUNE, MAHARASHTRA, INDIA, September 22, 2016 / EINPresswire.com/ -- Market Synopsis of Global Aircraft Line Maintenance Market

The global Aircraft Line Maintenance Market is expected to grow at a CAGR of around 5.5% during 2016-2021. The key factors driving the growth are growing initiatives towards aircraft safety, increase in flights hours, increased demand for aircraft, and usage of best in class technologies in aircraft.

Key Players in the Global Aircraft Line Maintenance Market

Key players: Delta TechOps, Lufthansa Technik, Monarch Aircraft Engineering, SIA Engineering Company, SR Technics, British Airways, Hong Long Aircraft Engineering, TAP Maintenance & Engineering”

Market Research Future

- Delta TechOps
- Lufthansa Technik
- Monarch Aircraft Engineering
- SIA Engineering Company
- SR Technics
- British Airways Engineering
- Hong Long Aircraft Engineering
- TAP Maintenance & Engineering
- Turkish Technic

Global Aircraft Line Maintenance Market (\$ billion), 2016-2021

As per the MRFR analysis, factors restraining the market growth are scarcity of skilled manpower, complexity in technical documentation procedures, and supervision of line maintenance.

Integration of IT for predictive maintenance and MRO outsourcing are the ongoing trends which will have positive impact on the market during the forecast period.

Taste the market data and market information presented through more than 70 market data tables and figures spread in 103 numbers of pages of the project report. Avail the in-depth table

of content TOC & market synopsis on “Global Aircraft Line Maintenance Market Research Report – Forecast 2016-2021”

Study Objectives of Global Aircraft Line Maintenance Market

- o To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Aircraft Line Maintenance Market

- o To provide insights about factors affecting the market growth

- o To analyse the Aircraft Line Maintenance Market based on various factors- price analysis, supply chain analysis, porter’s five force analysis etc.

- o To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

- o To provide country-level analysis of the market with respect to the current market size and future prospective

- o To provide country-level analysis of the market for segment by aircraft types

- o To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market

- o To track and analyse competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Aircraft Line Maintenance Market
