Global Industrial Ethernet Cables Market 2016 Share, Trend, Segmentation and Forecast to 2020

global industrial Ethernet cables market to grow at a CAGR of 17.31% during the period 2016-2020.

PUNE, MAHARASHTRA, INDIA, September 26, 2016 /EINPresswire.com/ -- Industrial Ethernet Cables Industry

Description

Cabling is the passive infrastructure of industrial Ethernet. It is vital to maintaining reliable transmission of critical data over industrial networks for most manufacturing processes. As a wide variety of industrial Ethernet cables are now available, the choice of cable depends on environmental conditions and system life expectancy. Ethernet-based protocols like PROFINET and Ethernet/IP are being increasingly incorporated in automation technologies, such as a programmable logic controller (PLC) communication and industrial robots.

The analysts forecast the global industrial Ethernet cables market to grow at a CAGR of 17.31% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global industrial Ethernet cables market for 2016-2020. The report also presents the vendor landscape and a corresponding detailed analysis of the top five vendors operating in the market.

The market is divided into the following segments based on geography:
• Americas
• APAC
• EMEA

The report, Global Industrial Ethernet Cables Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors
• Belden
• General Cable
• Nexans
• SAB Brockskes
• Siemon

Other prominent vendors

- Alpha Wire
- Anixter
- B&B Electronics
- Biadi
- Datafield India
- Fastlink
- Gore
- Harting
- Hitachi Cable
- L-com
- Panduit
- Polycab
- Premium-Line Systems
- Prysmian Group
- Rockwell Automation
- Schneider Electric
- Siemens
- Sumitomo Electric Industries
- TE Connectivity
- Teldor Cables an

Market driver
- Need for single cabling for both power and data transmission
- For a full, detailed list, view our report

Market challenge
- Increased preference for wireless technology
- For a full, detailed list, view our report

Market trend
- Increased availability of industrial Ethernet cable testers
- For a full, detailed list, view our report

Key questions answered in this report
- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
