PUNE, MAHARASHTRA, INDIA, September 26, 2016 /EINPresswire.com/ -- [Medical Transcription IT Spending](https://www.einpresswire.com/sample-request/592606-global-medical-transcription-it-spending-market-2016-2020) Industry

Description

Wiseguyreports.Com Adds "Medical Transcription IT Spending -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2021" To Its Research Database

The process of medical transcription involves documentation of medical records from voice to text formats. Physicians record patient details in audio formats, which is sent to a transcriptionist to decode and store in a digital format. The clinical documentation solution is implemented to preserve patient records in text formats using digital technologies, to deliver quality patient care with high accuracy. Medical transcription documents are stored, shared, and exchanged by healthcare providers through integrated healthcare information systems.
