*Learningonline.xyz launches its Cultural Connectivity ecosystem in the Middle East, showcasing its global mobility solution for over 160 languages*

CUPERTINO, CA, UNITED STATES, September 26, 2016 /EINPresswire.com/ -- Globalization has led to an increase in businesses and countries experiencing a diverse culture of nationalities and languages worldwide. Global competitiveness and internationally spread mass markets have provided companies with the opportunity, as well as the push, to engage with customers and partners across borders in order to sustain growth and remain in the running. The necessity for global mobility of resources, especially employees, has risen proportionally. A research by Mercer (2015) concluded that approximately 54% of surveyed companies predict an increase in permanent transfers while 50% anticipated a rise in the training and development assignments overseas.

[Learningonline.xyz](http://Learningonline.xyz) delivers unique video and micro based language Nanolearning to connect cultures. It is the only online language solution to offer a cultural connectivity ecosystem for over 160 languages, mapped to international CEFR Can-Dos.
