

A Latina President? One Just Entered The 2016 Conversation

A Veteran Political Strategist Pens A Compelling Novel of White House Intrigue

WASHINGTON, DC, USA, September 27, 2016 /EINPresswire.com/ -- There's No Debate. A [Latina President](#) just entered the 2016 political discussion.

Her name is Isabel Aragon Tennyson, U.S.-born, and heiress to one of the world's great fortunes. When she learns that her family's business also is a criminal enterprise President Tennyson vows to bring it to justice. Her adversaries are determined to destroy her first.

Veteran political strategist Joe Rothstein has created a gripping drama that pits the power of the White House against the vast global resources of U.S., [Mexican](#) and other international oligarchs. It's a work of fiction, but it reads as real as today's headlines.

Rothstein spent more than three decades in the political trenches, managing campaigns, developing strategies, producing media. At its peak, more than ten percent of the Democrats in the U.S. House of Representatives were clients of his firm, Rothstein & Company. Now he's used that experience and insight to mold a story framed around many of today's divisive issues, such as the power of big money, immigration and the role of government.

U.S. Senator Don Riegle of Michigan, former chairman of the Senate Banking Committee, calls the story "Powerful fiction, directly relevant to growing risks now facing us as individuals and the stability of our entire global financial system."
