

Majestic Global 32" 12 Volt LED TV has Cutting Edge Technology to Interface with Phones and Tablets

The Majestic engineering team has developed the most technically advanced 12 Volt LED TV on the market for the Marine and RV environment.

BOCA RATON, FL, USA, September 26, 2016 /EINPresswire.com/ -- The engineering team at Majestic Global has developed hardware and software that has been built into the New Majestic LED322GS 12V LED Marine and [RV TV](#) so you can view your Phone or Table on a large 32" screen.

With simple plug and play connectivity, simply connect through a HDMI Connector and Phone or Tablet adaptor to the Majestic 12 Volt TV and watch your Phone or Tablet come to life. If you have internet or WiFi connection you can use your Apps to surf the internet, do your emails, Facebook, watch movies on YouTube, Amazon, Apple iTunes or even Google Play.

For those that don't have internet connection in remote areas you can still access all the Apps and watch movies or listen to music that has been downloaded so you are still able to enjoy the big screen from your mobile device.

The Majestic LED332GS is the latest in the New Range of Global TV's that Majestic has recently launched which are packed with features such as Global TV tuner, which comprises of DVB-T, DVB-S, ATSC to allow the TV to work throughout parts Europe, Pacific Region, Africa, North and South America covering over 150 different countries, no other TV in the world has this capability.

With more features than any other 12 Volt LED [Marine TV](#), the Majestic 32" has a built in DVD Player, Multiple HDMI Ports, USB which is able to play movies, music or photos from your USB device. Plus it has some very user friendly features such as One Touch Tuning, so when you go to a new location you do not need to go through the menu to Re-Tune your TV simply push the Scan Button for Autotuning. Plus those that are concerned Low Power Draw, then Majestic is the global leader in Ultra Low Power Consumption the LED322GS only draws 4.2Amps (50W) at 12 Volts.

The Majestic LED322GS is simply the best [12V LED TV](#) on the market.
