

# Watch Your Mind Maps in Style with Mind Vector For Apple Watch

*Mind Vector, the No. 1 choice of 1 Million + users worldwide is now available on the Apple Watch. Use the app on iPhone, iPad, Mac, Web, Android or Apple Watch.*

GROTON, CONNECTICUT, UNITED STATES, September 27, 2016

/EINPresswire.com/ -- Following the successful release of Mind Vector on iPhone, iPad, Mac and Web, i2e Consulting has launched its specialist mind mapping app on the Apple Watch. Already a hit among mind mapping users for brainstorming ideas, the Apple Watch

edition of Mind Vector is sure to capture the imagination of the users who like to view their plans on the go.

Currently the app is available for Free on the Apple Watch and users will be able to view their mind maps, all the nodes, links and notes on the Watch. As of now, only two other mind mapping apps are available on the Apple Watch, which gives Mind Vector the advantage of being an early bird in the Apple Watch arena.

Mind Vector has a loyal user base of more than 1 Million+ users, most of whom are based in the United States. i2e Consulting is confident that the launch of Mind Vector on the Apple Watch will contribute in improving the productivity of Apple Watch users globally.

The app is extremely easy to use and works wonderfully as an on-the-go companion with an iPhone.

With the availability of Mind Vector on Apple Watch, users can now view their entire mind maps in the list format on their watch. This makes it truly simple to watch the mind map on the go. Availability of the app on Apple Watch is particularly useful if the user wants to check which image, link or notes they had attached on the various nodes of the map.
