

Global Medical Composite Market 2016 Share, Trend, Segmentation and Forecast to 2020

The analysts forecast the global medical composite materials market to grow at a CAGR of 6.91% during the period 2016-2020.

PUNE, MAHARASHTRA, INDIA, September 27, 2016 /EINPresswire.com/ -- [Medical Composite Industry](#)

Description

Wiseguyreports.Com Adds "Medical Composite -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2021" To Its Research Database

Medical composite materials are used in place of steel, plastic, and aluminum for the manufacture of customized and complex products like advanced orthopedic devices, prosthetics, and body implants. They are also used in dental applications such as restoration and filling of natural teeth.

These materials offer the following benefits:

- High strength-to-weight ratio
- High fatigue endurance
- Corrosion resistance
- High impact resistance
- High malleability

The analysts forecast the global medical composite materials market to grow at a CAGR of 6.91% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global medical composite materials market for 2016-2020. To calculate the market size, Technavio considers the revenue generated from the sales of medical composite materials.

The market is divided into the following segments based on geography:

- APAC
- EMEA
- North America
- ROW

Technavio's report, Global Medical Composite Materials Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market

landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- 3M
- DSM
- Polygone
- PolyOne
- Quatro
- TenCate
- Toray

Leave a Query @ <https://www.wiseguyreports.com/enquiry/592604-global-medical-composite-materials-market-2016-2020>

Other prominent vendors

- C-K Composites
- Evonik
- Henkel
- Icotec
- Mitsubishi Rayon

Market driver

- Emergence of lightweight and heat-resistant composites
- For a full, detailed list, view our report

Market challenge

- Product differentiation of medical composites
- For a full, detailed list, view our report

Market trend

- Use of nanofibers in soft tissue implants
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
