

UFSDA ,LLC OFFERS TORREFIED & WHITE PELLETS ,WOOD FUEL CHIPS TO JAPAN & KOREA

UFSDA was created to absorb the ongoing fibre related, environmentally responsible, sustainable, green fuel supply lines of business from Aeon Energy

NASHVILLE , TENNESSEE, USA, September 28, 2016 /EINPresswire.com/ -- [Aeon Energy](#)

UFSDA's goal is to provide most efficient and profitable means to manage our fibre business and to serve our present and future customers needs with the best product and the most competitive prices

Pete Majka, Director

[Solutions](#) announces the launch of "UFSDA, LLC. "Our new company was created to absorb the ongoing fibre related, environmentally responsible, sustainable, green fuel supply lines of business from Aeon Energy Solutions" "Our rationale driving this separation is the desire to effectively manage two rather robust paths of business Aeon currently enjoys. Aeon is experiencing a rapid expansion of each line of business thus separate operating companies are the most efficient and profitable means to manage these business and to serve our present and future customers ": states Joseph W. Majka, CEO of Aeon Energy Solutions, Inc. Aeon Energy Solutions is a multifaceted Sales, Marketing and Energy Consulting firm founded in 2008 partnered with cutting edge 'green'

technology Capital equipment manufactures in the clean Tech sector focused on green energy/Fuel production.

UFSDA, LLC (United Fibre Supply & Development Associates) is a Sourcing, Development, Sales, and Energy consulting firm. Our principal members focus is on the green renewable fuels sector centered on clean energy and green renewable fuel production and supply derived from various Biomass feed stocks. UFSDA's core strengths lie in its philosophy to only partner direct with a select group of well established, financially strong producers who are capable of consistently delivering quality, sustainable ,renewable green biomass based products in large quantities. The company fulfills their role as either a direct representative of and or stakeholder in many of the partners selected. Presently UFSDA is focused on, true Torrefied (Black) Fuel Pellets, White Wood Fuel Pellets ,Wood Chips-Fuel grade, Whole Logs and sourcing/supplying of forest, manufacturing or saw mill residuals used in these types of products.
