With the increased cyber-attacks in the public as well as commercial sectors, companies have started investing in the commercial cyber security solutions.

The industries such as aerospace & defence, retail, healthcare, public, and BFSI are hugely investing in the cyber security market. The lack of consistency in security measures is one of the main factors hindering the market growth. The rise in the cyber-attacks in industry verticals such as banking and healthcare is one of the key reasons for the growth of commercial cyber security market.
