

Affordable Dental Solutions Expands into Exton, PA

Chester County residents now have more affordable dental treatment options at the new Exton, Pennsylvania, location of Affordable Dental Solutions.

EXTON, PENNSYLVANIA, USA, October 3, 2016 /EINPresswire.com/ -- Affordable Dental Solutions will continue to offer affordable and quality [dental implants](#) and dentures to its Chester County patients from its new location in Exton, PA. Located less than an hour outside of [Philadelphia](#), the new Exton branch will be Affordable Dental Solutions' second office providing its dental implant and dentures services to residents in and around the Philadelphia area.

"We are proud to offer a brand new location to our Philadelphia-area patients," says Dr. Michelle Bernreuther of Affordable Dental Solutions.

Affordable Dental Solutions has long taken satisfaction in their ability to offer numerous options for local residents seeking dental treatment, from dental implants to crowns to dentures, all at some of the lowest rates in the area. The practice's main branch in Reading has successfully completed tens of thousands of implants for patients and their state-of-the-art technology allows the office to forgo laboratory costs so that they can offer services to their patients at a manageable price.

Affordable Dental Solutions prides itself on quality dental treatment at an affordable rate for their patients. Their experienced dental experts perform everything from dental implants to dentures for less than other local dentists. Complete dental implants in their office start at \$2000, about half the price of an average dental implant that other practices may offer. They also provide [affordable dentures](#) options within the same office starting at \$495 per arch. They are dedicated to providing their patients with the best results for any treatment they seek to undergo.

Those wishing to learn more about the new Exton location and the affordable dental services that they are bringing to Chester County and the surrounding Philadelphia area should schedule a consultation with Dr. Bernreuther.
